Communiter

*Published by the Students
of
Community School
Unionville, Tennessee*

Dedication

For more than a quarter of a century, Community High School has stood as a center of learning in our community. Hundreds of students have gone out from this school to take their places in colleges, vocations and jobs. The records of achievement which they have left behind and the measures of success which have come to them, indicate that Community High School was, and is an institution of learning of which any community might be proud to call its own.

Yes, Community High School stands as a monument to education. Figuratively speaking, we may say that its protecting walls have been a shield against the ill winds of illiteracy; its doors have been opened to the way of learning; its windows have let in the light of knowledge and truth; its roof has withstood the storms of intolerance. Within its walls, its warmth has served as a friendly hearth, radiating trust and friendship among students and teachers.

And so - in appreciation to all who have helped to
maintain Community High School -

To the administration which sponsored our education -
To every teacher who has taught in the class rooms -
To the principals who have guided us -
To all other school personnel -

To the parents and patrons who have inspired us -
To this community which has supported us -

To every wholesome and uplifting influence which has helped to make Community High School what it has been and is - we, the editors of the Communiteer, dedicate this space, in this edition of our annual.

ADVERTISERS

We, the Annual Staff of Community High School, wish to express our sincere hope that your 1960 annual will serve as a treasure chest of pleasant memories for many years to come.

At the close of our high school years, we take upon our shoulders the responsibility of individually completing our own lives. If we are successful, we will obtain happiness, knowledge, and peace of mind.

We want to extend our many thanks to all of those who helped to make our yearbook a success.

To the Students of Community High School:

As you go forth from high school I hope that you choose and create for yourselves the opportunities that will give you the greatest degree of self-realization and social effectiveness; that you do your best with these earned opportunities; and that you share your best with others.

Sincerely,

Helen Womack

FACULTY

Principal's Message

To the Students of Community High School:

The recent TV scandals have set us thinking that perhaps other houses are in need of cleaning. Too many students are being graduated throughout the nation because "there's no place else for them to go." These "graduates" are ill prepared for the jobs they will seek with their fraudulent diplomas.

It has been our chief aim during the year 1959-60 to make a diploma from Community High School a more perfect symbol of LEARNING and of the ability to COMMUNICATE what has been learned.

Sincerely,

J. W. Wheeler

The background of the advertisement features a black and white photograph of the Eiffel Tower in Paris, France. The tower is shown from a low angle, looking up its legs. In the foreground, there's a dark, textured object that looks like a globe or a large ball.

| <p>THE ANNUAL STAFF WISHES TO THANK EVERYONE WHO HAS HELPED TO MAKE THE COMMUNITEER A SUCCESS</p> | |

As we close the book on such an important chapter of our lives we realize that our successes and failures depend upon the decisions made by us.

May we ever be conscious that the greatest helping hand we will ever find is at the end of our shirt sleeve - that happiness is not something you get but something you do.

And So Goodbye
